The Regional Municipality of Durham Information Report

From: Commissioner of Planning and Economic Development
Report: #2021-INFO-132
Date: December 17, 2021

Subject:

Monitoring of Growth Trends, File: D01-02-01

Recommendation:

Receive for information

Report:

1. Purpose

- 1.1 This report is the second of two biannual reports monitoring growth trends in Durham. It presents historical population and household data for the Region and area municipalities for the 2016 to 2021 period. It also includes short-term forecasts for the 2021 to 2026 period.
- 1.2 The data is provided for the end of May (to correspond with the timing of the Census) and for December (calendar year-end). Information presented in this report is intended for use in various Regional studies and programs including the Municipal Comprehensive Review (Regional Official Plan Update), Development Charges Studies, and the annual Five-year Servicing and Financing Study.

2. Previous Reports and Decisions

- 2.1 On October 23, 2020 Commissioners Report [#2020-INFO-98](#) reported semi-annual population and household estimates, as well as short-term population and household forecasts.

- 2.2 On May 7, 2021 Commissioners Report #2021-INFO-51 reported semi-annual population and household estimates.

3. Historical population and household estimates (2016-2021)

- 3.1 The population and household estimates presented in Attachments 1 and 2, are based on:
- a. Statistics Canada Census information for 2011 and 2016 including an estimate for net undercoverage¹; and
 - b. Canada Mortgage and Housing Corporation (CMHC) monthly housing completion data for non-Census years.
- 3.2 The semi-annual population estimates presented in Attachment 1 indicate that the Region's mid-year population growth increased by 9,540 persons from 2020 to 2021, representing a growth rate of 1.35%. The population growth for the five-year period from May 2016 to May 2021 was 6.47%.
- 3.3 The semi-annual household estimates presented in Attachment 2, indicate that the Region's mid-year household growth increased by 3,605 households from 2020 to 2021, representing a growth rate of 1.50%. The household growth for the five-year period from May 2016 to May 2021 was 7.25%.

4. Short-term growth forecasts (2021-2026)

- 4.1 The short-term growth forecasts for population and households presented in Attachments 3 and 4 are based on:
- a. housing production estimates provided by the area municipalities;
 - b. an analysis of past trends; and
 - c. estimates of the timing and anticipated annual housing occupancy across the Region.
- 4.2 The forecasts make no allowances for unpredictable factors such as changes in economic conditions affecting residential growth (e.g. significant increases in mortgage rates, building trade strikes, etc.).

¹ Net undercoverage refers to the net population counts that are missed during the Census enumeration due to persons with no usual residence, incorrect questionnaires, missed dwellings, away from home, etc.

- 4.3 The short-term forecasts indicate that in the next five years Durham's population is projected to increase from 713,680 (2021) to 805,200 in 2026 (refer to Attachment 3). The population growth for the five-year period from May 2021 to May 2026 is expected to be 12.8%.
- 4.4 Similarly, the current number of households in Durham is projected to increase from 244,385 (2021) to approximately 277,410 in 2026 (refer to Attachment 4). The household growth for the five-year period from May 2020 to May 2025 is expected to be 13.5%.
- 4.5 These forecasts recognise an increased rate of growth in Pickering towards the end of the period, adding approximately 4,250 households and 11,700 people to the forecast as the Seaton community continues to develop.

5. Relationship to Strategic Plan

- 5.1 This report aligns with/addresses the following strategic goals and priorities in the Durham Region Strategic Plan:
 - a. Goal 5.3 – Demonstrate commitment to continuous quality improvement and communicating results.

6. Conclusion

- 6.1 Regional Council will continue to be kept apprised of emerging population and household data and trends through regular updates of this information.
- 6.2 A copy of this report will be forwarded to the Area Municipalities, the Durham Regional Police Services, the Local Health Integration Network and the School Boards in Durham.

7. Attachments

- Attachment #1: Semi-annual Population Estimates, 2016-2021
- Attachment #2: Semi-annual Household Estimates, 2016-2021
- Attachment #3: Semi-annual Population Forecasts, 2016-2021
- Attachment #4: Semi-annual Household Forecasts, 2016-2021

Respectfully submitted,
