Mr Popp,

As resident's of Campbell Dr., we are writing to express our support for continued dialogue around creating an active parkspace for our neighbourhood.

The children, teens, adults and elderly of our neighbourhood want an inclusive, accessible and active space that they can safely walk or cycle to.

I understand that a few of our neighbours have environmental and parking concerns. I can appreciate their concerns - however I believe that continued dialogue can help lessen or alleviate their concerns.

I look forward to further exploring options for an active park space for our neighbourhood.

Johanna and David Otten
