Good Afternoon

I hope this email finds you well.

My name is Chad Mills and I am the President of the Zephyr Scott Lions. We are a rapidly growing club and soon enough we will be our own chartered club.

We have been posting our up and coming events on facebook and instagram but we would like to reach out more to our community members.

I am proposing this idea of installing a new LED sign on the corner of the building that will display the up and coming events that not only the Lions hold but all that are happening within the community. We intend on funding this project by ourselves with the help of some fundraising and with that we will display their names on the board as well. This board will have the ability to change screens and display multiple messages.

Please see attached as I have had artwork created to show you what we are proposing to have installed.

Thank you and i hope to hear from you soon
