**Subject:** For Monday Council Meeting

Dear Council,

After review with the township staff, I believe we have come up with a plan to fully execute Wed Dec 11<sup>th</sup> Christmas Celebration. We have secured the insurance, letter from land owner, which has been supplied in the applications given to the fire department from Mario.

We are requesting that the township place a few garbage cans along railway st, as well as road closure on Tuesday AM, to allow us to setup for the event on Wed. We are also asking for a noise exception as we are planning 6:00pm-8:00pm.

Thank you for helping us help our local cottage hospital.

John
