

REPORT

Council

TO: Mayor and Members of Council

FROM: Dave Barton, Mayor

DATE: December 9, 2019

REPORT: DB-02/19 **FILE NO.**

SUBJECT: Proposed Street Names for Evendale Developments – Brock Street East (North side of Brock Street)

BACKGROUND:

Final plans for the condominium development known as Evendale Developments located on Brock Street East (north side) which is being developed by David Sud are nearing completion. As part of this process the Township will have to select street names for the subdivision so that the names appear on the finalized plans. There are three streets within the development that require naming (see the attached Plan).

Council adopted a policy a number of years ago related to the use of local veterans names for street naming purposes (see attached list of Veterans Names).

In keeping with this policy, it is recommended that the names once again be selected from this list. It is recommended that the names Per Hvidsten and George Ballinger be two of the three selected. The Township also received a recommendation from Tish MacDonald and Sherrill Hodgson that Alan Williams be considered for the third street name.

Once Council have approved the required street names, they will be forwarded to the Region of Durham for final approval.

RECOMMENDATION

THAT Report DB-02/19 be received for information;

AND THAT that the names Per Hvidsten, George Ballinger and Alan Williams be selected for the three streets in the Evendale Development on Brock Street East (north side);

AND THAT once the street names are approved by Council that all names be forwarded to the Region for final approval.

Respectfully Submitted by:

Dave Barton
Mayor
